D8681	Removable orthodontic retainer adjustment	\$31.00
D8999	Unspecified orthodontic procedure, by report Removable orthodontic appliance associated with limited, interceptive or comprehensive orthodontic treatment (excluding orthodontic retention appliances), per appliance	\$281.00

Orthodontic treatment included in the above listed fees:

- Limited orthodontic treatment, including fabrication and insertion of any and all fixed appliances and periodic visits.
- Interceptive orthodontic treatment, including fabrication and insertion of any and all fixed appliances and periodic visits.
- Comprehensive orthodontic treatment, including fabrication and insertion of any and all fixed appliances and periodic visits.
- Orthodontic retention, including any and all necessary fixed and removable initial appliances and related visits.
- Orthodontic treatment beyond twenty-four (24) months but not exceeding thirty-six (36) months. If orthodontic treatment exceeds thirty-six (36) months, no additional fees can be charged.

Orthodontic treatment not included in the above fees:

- Pre-Orthodontic treatment examinations and pre-orthodontic diagnostic services should be reported separately. Refer to the General Dentist Fee Schedule.
- Any incremental charges for orthodontic appliances made with clear, ceramic, white, lingual brackets or other optional material.
- Procedures, appliances or devices to guide minor tooth movement or to correct harmful habits (may be covered under the member's standard dental plan).
- Re-treatment of orthodontic cases, or changes in orthodontic treatment necessitated by any kind of accident.
- Extractions performed solely to facilitate orthodontic treatment (may be covered under the member's standard dental plan).
- Orthognathic surgery (moving of teeth by surgical means) and associated incremental charges.
- Replacement of lost or broken retainers.
- If a member has orthodontic treatment associated with orthognathic surgery (a non-covered procedure involving the surgical moving of teeth), the plan provides its standard orthodontic benefit. The member will be responsible for additional charges related to the orthognathic surgery and the complexity of the orthodontic treatment. The additional charge will be based on the participating dentist's usual fee.
- If a covered member transfers from a nonparticipating dentist to a participating dentist after orthodontic treatment has begun, the new participating dentist should submit a pro-rated amount for the remaining treatment based upon the new participating dentist's contracted fee.
- If a covered member transfers from a participating dentist to another participating dentist after orthodontic treatment has begun, the new participating dentist should submit a prorated amount for the remaining treatment based upon the new participating dentist's contracted fee.
- If orthodontic treatment begins before the member is eligible for orthodontic benefits under this plan by a participating dentist, the member will be responsible for the dentist's fees as originally agreed upon. Plan benefits may be considered up to the member's orthodontic lifetime maximum.
